

# PROBIOTIC AIR REFRESH

Stinky smells have a way of sticking around, but our exclusive new Probiotic Air Refresh does more than simply mask them: probiotics and postbiotics actively break down odors to cleanse your indoor air, naturally and effectively. Premium, organic essential oils leave behind a light, refreshing scent without heavy perfumes or toxic chemicals. Because life indoors deserves clean, healthy, and pleasant-smelling air.

- ✓ Just 5 super clean ingredients: Water, Probiotics, Postbiotics, & Organic Essential Oils
- ✓ Choose soothing Lavender or bright, uplifting Lemongrass
- ✓ Safe for kids & pets
- ✓ Builds a healthy indoor environment over time

## INGREDIENTS

Water, 13 Organic Probiotics (Proprietary Cultures Blend), Organic Beneficial Postbiotics from Fermentation Brew, Organic Lavender Oil, Organic Citric Acid.

## SAFE FOR KIDS & PETS

Probiotic Air Refresh has a minimal, bio-based ingredient list because it's all you need to clean your air, the way nature intended. Plus it's safe for kids and pets and their more sensitive systems.

## HEALTHY PROBIOTIC CLEAN

Unlike other air fresheners—even natural ones—our Probiotic Air Refresh does more than mask stinky smells and odors. Probiotics + the postbiotic cleaners they make actively break down odors and clean your air, leaving it truly fresh.
